

Sayyid Ammar al-Hakim: The Fatwa Issued by the Rational Marjayia and Citizens Compliance With, Has Cancelled the Enemies' Material Consideration

Sayyid Ammar al-Hakim, head of the Islamic Supreme Council of Iraq stressed that terrorists and oppressors are looking for distorted explanations to their actions in the Quran in order to justify their malicious and ignoble actions; however, all the divine books and all the verses of the Quran show mercy and healing for the hearts. Al Hakim added that the problem is not the Holy Quranic verses, but in their mental disease, the deviant and perverted behavior because the Quran is a book of guidance, that guides those who are looking for the truth and want goodness and guidance. His Eminence considered that all the measures taken by these terrorists, their backers and those who help them make plots and turn a blind eye for their actions will face the worst fate as is the case with the oppressors, tyrants and titans in different periods of history, noting that the operation rooms, the technology of terrorism supporters, traitors and their accomplices coming from all over the world will come to nothing and Allah will prevent them from achieving their ambitions and aspirations as is the case in the fatwa issued by the rational Marjayia that broke and shattered the hopes of those predator human monsters aiming at occupying Baghdad, as is for them a irrefutable matter.

This came in the ninth evening of Ramadan held in His Eminence's office in Baghdad, on Monday, June 29, 2015. His Eminence congratulated the citizens and the loyal young and old who faced these attacks, which were inevitable in the material considerations, pointing that this matter has changed all balances and stunned enemies because they only realize the simple material considerations without taking into account the divine considerations that revealed over the history the defeat of the oppressors over human history. Al Hakim stated that injustice and tyranny were frequent all over the history and ended with the steadfastness of rightful people, the defeat of the oppressors and the nullification of the calls and acts work of the people of falsehood and evil-doers with their different titles, denominations and slogans.
