

Sayyid Ammar Al-Hakim delivers Mr. Saleem Al-Juburi the National Reformation Initiative for the recovery of the situation in the country

Chairman Islamic Supreme Council of Iraq Sayyid Ammar Al-Hakim, Chairman Iraqi Council of Representatives Mr. Saleem Al- Jubouri and a number of political blocs powers leaderships at his office in Baghdad Sunday, 03/04/2016.

\r\n

His Eminence discussed with Mr. Al-Jubouri, the political situation and topics related to the reformations and ministerial reshuffling, reiterating his call for an inclusive reform with the realistic solutions away from patching.

\r\n

In respond, Mr. Saleem Al- Jubouri, congratulated the success of the General Authority of Supreme Council Conference and the re-election of Sayyid Ammar Al-Hakim as chairman of the Supreme Council, noting that Supreme Council is one of the political powers characterized of being the most internally organized.

\r\n

The initiative included a roadmap of the two pathways to assemble a technocratic government overcoming the current political congestion with maintaining the basis of political process and coordination with various political powers of the country.

\r\n

The roadmap presented by Sayyid Ammar Al-Hakim includes meeting the masses\' and public\'s demands to make changes in the quality of all sectors of the government performance and on all levels, plus maintaining the parliament and constitutional regulations and provide proper political covers that will enable making big and substantial steps with a major parliament and political support.

\r\n

The first pathway of the initiative, dealing with the current situations with reality, guidance, equability, rationalism and organize priorities side by side with continue working on forming the technocrat government and representing the founding sides participating in the new technocrat government, through granting the right of nominating a technocrat figure if the candidate meets being independent or associated to a political side of a specific position that are within the terms of qualifications and terms set by the prime minister who has the power of debating the selection of those candidates. The initiative also indicated discussing the candidates of the prime minister and then selecting the figures holding the technocrat concept

that meet the related qualifications and approved by the political powers applicable to the governmental position that the candidate applies for.

\r\n

The first pathway of the initiative also included approving the new ministers presented by the prime minister who form the recent suggested ministerial cabinet, the prime minister will open selection process for candidates to independent bodies, high ranked diplomats and military leaders to be conducted without any exceptions, closing the proxy employment and vacant positions in all governmental positions, the prime minister has the power of selecting the candidates away from compatible political quota and based on the constitutional principles in all governmental positions and profession degrees bearing in mind keeping the national balance of the powers.

\r\n

Initiative presented by Sayyid Ammar Al-Hakim to Chairman Iraqi Council of Representatives pointed to the need to focus on a package of specific laws in six laws are of great significance nationally, economically and socially, developmentally and politically to be regulated by the parliament within the specified time period as well as identifying ninety days to implement the first part of the roadmap, starting from the middle of the this month (April 2016) and ends mid-July 2016 to assess what has been achieved and evaluate the commitment of all parties to the duties entrusted to them, calling the initiative to adopt a centralized and realistic government program covering the remaining tenure of the current government limited by obvious timeframes for each task of the implementation.

\r\n

The initiative clauses mention the formation of an ad hoc committee of experts to assist the Prime Minister in the evaluation of candidates to the various government positions and represent the political powers involved in supporting the technocratic government and include four of the National Alliance ,two from the Kurdistan Alliance, two of the Coalition Of Powers, one of the National List and two who are representatives of the Prime Minister, the initiative stresses that all the powers participating in the government would sign on the details of the roadmap and on the government program proposed by the government which is seen as complementarity honor document between all parties terming that participating government powers are committed to support the government\'s measures during this period and to support its political and security, economic and social decisions, the initiative suggests that it is important form the National security Council as an advisory strategic council comprised of main political powers in the country in addition to the three presidencies which will be consisting of the Iraqi president, prime minister and Chairman of the Iraqi Council of Representatives and president of the Judicial Council , Sayyid Muqtada al-Sadr , Sayyid Ammar al-Hakim , Mr.

Massoud Barzani , Mr. Ibrahim al-Jaafari , Mr. Nuri al-Maliki , Mr. Ayad Allawi , Mr. Hadi al-Ameri, Mr. Osama Najafi and Mr. Saleh al-Mutlak to be a national advisory council holding regular monthly meetings and discusses the strategic higher government steps and decisions as well as assessing the reformist path dismantling political bottlenecks.

\r\n

The second pathway, listed in the initiative when failing to execute the first pathway, will depend performing the following steps to work on changing the government\'s cabinet and calling for the formation of a government of technocrats that include the Prime Minister and to work to save the national balance in the to be formed government as the stated in the constitution, and the assembly of a unbiased mass to be supportive of the government of technocrats and that is to be determined by a timeframe of thirty days using the steps outlined in the first pathway.
