

Sayyid Ammar al-Hakim: The Al-Hikma National Movement is an Islamic project that adheres to the origins of authentic Islam

-Head of the National Iraqi Alliance, Sayyid Ammar al-Hakim, briefed the project of the Al-Hikma National Movement features by saying "it is an Islamic project that adheres to the origins of the authentic Islam." pointed out that it is a national movement that moves across the country in all its denomination, sects ethnicities, realistic, transparent, moderate and field based.

\r\n

This was in his eminence speech in mass gathering of the Al-Hikma National Movement in his office in Baghdad Saturday 29/7/3017.

\r\n

His eminence indicated that the Al-Hikma National Movement is a project that honors Islam and the Islamic identity and it is adhere to Islam, stated \"Yet, we are open to all our people of all walks of life on the basis of what the Amir of the believers said, people are two types, a brother of your religion or a peer by ethics.\", his eminence stressed that the project of the Al-Hikma National Movement is a political project that wants to build a state responsible for all its people and citizens starting from a clear rightful understanding of these steps, pointed out that the Al-Hikma National Movement takes its legitimacy from its rational religious authority and its steadfastness on the approach of Imam al-Hakim and martyr of the Mihrab and the Dearest of Iraq, God sanctified their souls.

\r\n

His Eminence stated, \"His project is patriotic sees his responsibility as the entire area of the homeland with all its sects, ethnicities, and religions. We must move, be open and communicate with people. We do not alienate people because they disagree with us in faith while they agree with us in our approach to building the state. This project is to build a state and who believes in building the state can join us. Stressed that openness to everyone is not easy, but if one should be persistent to succeed, and work hard to reach success. Stressed breaking barriers, and that demographic and community domination, unless they open their arms and embrace the entire homeland, cannot run the state, notified that there is no choice after 14 years, but trust in God and openness on the divisions of the people, and should look at the full half of the cup.

\r\n

His eminence explained that the Al-Hikma National Movement is a realistic movement that emerged in 2017 and is tailored for this reality, as well as its relevance to innovation and the people looking forward to all new aspects. There is a kind of frustration with the performance of political level reported through the authorities and public opinion, stressed the need to present something new. \"We should be efficacious in making renovation in

everything, but the standards, principles and origins \", his eminence explained the need to be in the state of mobilization and move to work not laziness, the stage of action not emotion, influence not being influenced, called the sons of the Al-Hikma National Movement to proceed at a steady pace without hesitation.

\r\n

His eminence stressed unity and fusion, Al-Hikma National Movement is one title for all, plus the importance of harmony with the project and espouse capacity and efficiency as a criterion in the selection of characters to fill positions, stressed that the Al-Hikma National Movement will turn into a large institution and needs courageous decisions, along with the importance of decentralization and drive broad powers to the provinces of Iraq, his eminence indicated that the Al-Hikma National Movement also field based and believes in strong action on ground, called on the public to make serving the people as a slogan in conduct and behavior, called on serving people, like serving the pilgrims of Imam Hussein in the Arbaien occasion, stressed that Al-Hikma National Movement is to be an example of transparency and clarity.

\r\n

His eminence stressed that National is a Quranic and Islamic concept and the Imam Sayyid Mohsen Al-Hakim Community Project was the Dar Al-Hikma Project, in which he raised a group of scholars and illustrious people, who started to communicate with the community, and part of Imam Hakim\'s religious authority and its great impact is the existence of this social approach, which was prominent in its course of religious authority, the Al-Hikma National Movement is carrying out completing a hundred years project .
