

Sayyid Ammar al-Hakim to the tribal sheikhs of Anbar .. The Al-Hikma National Movement is open to all honest and efficient figures regardless of their national and sectarian affiliation

Head of the National Iraqi Alliance, Sayyid Ammar al-Hakim, received tribal sheikhs of Anbar province tribes in his Baghdad office, Monday 28/8/2017 and indicated that the National Wisdom Movement is open to all honest and efficient figures regardless of their sectarian, national and regional titles, and that patriotism is the comprehensive framework of all those under the National Wisdom Movement. His eminence indicated that building an entity that is unbiased in terms of components and titles is still difficult and expectations to sought positive results are low at the moment, but all the reform projects start strange, opposed and prone to be failed, but soon prove its effectiveness and then espoused by the very sides objecting on these projects at the beginning of the matter. His eminence explained that Al- Hikma National Movement was established based on reading of current necessities without showing approaches of the previous stage as faulty because they were consistent with the circumstances of its time.
