

Rehabilitators

Series of lectures on the visions and expectations of Sayyid Ammar al-Hakim (May Allah protect him) about the big issues related to the building of the State and its new political project in Iraq through the political course of the Martyr of the Niche movement. The book also includes the strategic visions on the regulation process and the rehabilitation activity inside the organizations and institutions of the movement, as well as the political and intellectual thought which is unique to the Martyr of the Niche movement.
