

## **Sayyid Ammar al-Hakim: State-building requires a safe environment for investment to diversify sources of income and not rely on oil**

Head of the National Alliance, Sayyid Ammar al-Hakim, met with elders and tribal figures of Bani Zuraij and al-Jubour tribes in Muthanna province Thursday 22/2/2018

His eminence stressed the importance of providing the ideal environment for investment to diversify the sources of Iraqi income and stop dependence on oil, indicated that the ideal environment for investment needs several measures at the security, community and legal level, and called to invest the the time and elections to achieve the aspirations of Iraq and the people of Iraq.

His eminence called on the Iraqi citizen to select wisely in elections, urged to select an efficient team that have a vision and able to turn real programs to work projects, stressed the importance of building a strong state to prevent reemergence of division, sectarian strife or terrorism in new titles. His eminence warned of sleeper cells and extremist thought, called for a package of political, economic, security, social and psychological solutions to lift all the residues left by terrorism.
