

## Sayyid Ammar Al-Hakim calls to modernize the discourse directed at youth in line with the challenges and requirements

Head of the National Iraqi Alliance, Sayyid Ammar al-Hakim, met a group of youth leaderships and competencies of Karbala province, Wednesday 28/2/2018. His eminence called to modernize the discourse addressed to youth in line with the challenges and requirements of the phase, stressed the importance of balancing youth representation with their size in the population.

His eminence highlighted the most important features of the Al-Hikma National Movement, which are moderation, patriotism, youth empowerment and women empowerment and having the vision to build the state and institutions, pointed to a number of youth experiences that succeeded in accomplishing the tasks assigned to them. And explained that the intended patriotism respects privacy and does not abolish it.

His eminence emphasized that the solution lies in electing an efficient team capable of advancing Iraq and ending its suffering on service and political levels, provided that the vision is backed by a plan, tools and realistic policies per specific priorities.
