

Meeting with Maliki .. Sayyid Ammar al-Hakim stresses the need to reactivate economy by serious measures and provision of employment opportunities

Head of the Al-Hikma National Movement, Sayyid Ammar al-Hakim, received Vice-President, Mr. Nuri Al-Maliki Thursday 19/7/2018

His eminence stressed on government's immediate respond to meet the demands of the demonstrators and provide minimum services, called for serious measures to reactivate the economy and provide employment opportunities, emphasized support to government measures to protect demonstrators' security and from intruders attempting to divert path of demonstrations towards sabotaging and damaging public and private money.

His eminence praised the efforts of the Electoral Commission that worked on carrying out manual counting and sorting of ballot, and audit results under the supervision of the Board of Commissioners delegated from the Council of the United Nations and monitored by agents of political entities, Both sides agreed on the need to work and expedite announcing results and reassure the citizen, protect votes and reduce vacuum time in legislative authority.

Regarding forming the future government, the two sides agreed to lay groundwork for the government of national majority as a realistic solution to many of political system problems in Iraq and this can be accomplished through appropriate conditions establishing the wings of opposition and pro-government to achieve balance of the political process.
