

Sayyid Ammar al-Hakim appreciates the initiative of Wasit Governorate to rationalize electricity consumption

Head of the Reform and Reconstruction Alliance, Sayyid Ammar al-Hakim, praised the "pioneering" initiative launched by the local government in Wasit province, which includes various activities to educate citizens on rationalizing the use of electric energy by the summer.

His eminence called to disseminate this exercise and pass to the remaining provinces, and to consolidate this important culture in cooperation with the media and the non-governmental organizations and institutions to take into account social justice in accordance with the principle of equal opportunities.

Sayyid Ammar al-Hakim also stressed that the culture of rationalization is an important issue emphasized by all divine laws and human values, which will reduce the waste of public money and benefit from all resources sufficiently and without waste and squandering that lead to depriving others.
