

Sayyid Ammar Al-Hakeem: We Reject Solo Acts to Harm International Representatives

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, expressed his rejection of the individual behavior of some to harm diplomatic missions operating in Iraq, including what happened recently to the Iranian consulate in the holy Karbala.

His Eminence said in a tweet on Sunday 10/5/2021, that the encroachment on diplomatic missions endangers the credibility and prestige of the state, and impedes its pursuit of building strong and balanced foreign relations with all countries of the world. Adding "We Reject the Solo Acts of some that harm International Representatives that are hosted by Iraq, the latest of which was the attack on the Iranian consulate in Holy Karbala," once again asking the government and security authorities to protect all diplomatic missions, embassies and diplomatic representations in all of the country's provinces.
