

Sayyid Ammar Al-Hakeem calls to provide proper environment for children to develop abilities

Sayyid Ammar Al-Hakeem, head of the National State Powers Alliance, called to provide a proper environment for children to develop their potentials and abilities.

His Eminence tweeted on November 20, 2021, "On their National Day, we reiterate the necessity of preserving the "children's" rights, providing a proper environment for them to develop their potentials and abilities, and the importance of ensuring their well-being and growth."

His Eminence stated that culture starts at how children hold their pencils, and the journey of building starts when they fall in love with the words Dar o Door "Home and homes".

His Eminence called upon the concerned and relative authorities to take extra care of our children, especially with the start of the school year, as well as recompensate whatever they have missed due to the urgent pandemic procedures that shut down all joints of life, especially education.
