

## On the auspicious birth anniversary of Imam Ali bin Musa Al-Ridha "PBUH": Sayyid Al-Hakeem calls to turn problems and challenges into start points

Sayyid Al-Hakeem, head of Al-Hikma National Movement, blessed the auspicious birth anniversary of Imam Ali bin Musa Al-Ridha "peace be upon him" and called to look at the life of this great imam.

His Eminence tweeted on 11/6/2022, "The fragrant story of Imam Ali bin Musa Al-Ridha "PBUH" to see how he dealt with the urgent circumstances and challenges that he faced during the period of his Imamate "PBUH", and how he was able, with his wisdom, to turn these challenges, obstacles, dangers, and pressures into opportunities to consolidate and root that original approach that he inherited from his pure ancestors up to the Messenger of Allah "may Allah's blessings and peace be upon him and his family" and march on his path, and in that is a great lesson for us to turn pressures, problems and challenges into opportunities and a starting point towards the rooting of our national project to serve the people and the country.

Peace be upon him the day he appeared on the world with his Mohammadan lights, his Alweian radiance, and his Fatimid attributes."
