

Sayyid Al-Hakeem warns against projects targeting central and southern provinces' social structure

In the guest-place of Al Juther of Al-Jabour tribes in Al-Qasim district, the fragrance of jihad in the face of terrorism oozes from them on 18/6/2022, in their long-living guest-place, led by Sheik Ali Abbas Al-Tala' Al-Jawther Al-Jubouri. Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, said that this tribe is well known for its loyalty to the family of the Prophet Mohammed "PBUT" and for the Iraqi national project, indicating that Babylon is a great human and Iraqi heritage. From this land, crafts, law, order, and the state emerged, and from here, His Eminence called for adhering to and cherishing this historical and human civilizational identity. H.E. also called to redress the Iraqi experience and spread the positives and focus on it, in addition to diagnosing negatives and working on solving them and overcoming them.

His Eminence renewed the warning against a systematic project that seeks to provoke frustration and slander the achievements, adding that the focus of this project on specific areas makes the responsibility to confront and expose it a collective responsibility.
