

## Sayyid Al-Hakeem calls to consider Najaf, Karbala, Kadhimiya, Samarra as holy cities, as names for coexistence

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, praised the level of organization of the Arba'een visit and the departure of the Great Prophet.

His Eminence tweeted, "The huge success that Iraq achieved in organizing and hoisting the millions making the visits of the Arba'een and the departure of the Great Prophet "May Allah's peace and blessings be upon him" in Najah Al-Ashraf and Holy Karbala', in addition to the unprecedented millions of crowds of millions that came as guests from abroad. This requires a serious stand by the government, parliament, and the Shiite endowment to consider the cities of Karbala, Najaf, Samarra, and Kadhimiya as holy cities that include holding, hosting, and organizing the largest human gatherings, as well as a model of peace and peaceful coexistence and a symbol of national and Islamic unity worldwide."

His Eminence called upon these esteemed institutions to develop the best future service and security plans and programs, to serve tens of millions of visitors throughout the year, and to develop the infrastructure of these holy cities.
