

Sayyid Al-Hakeem calls to support farmers, to transform agriculture into productive, profitable sector

From the district of Bald Ruz, Diyala, and in the host of Al-Fdhoul tribe, Al-Halouf clan, Sheikh Emad Mohamed Al-Halafi on 2/3/2023, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met several sheiks and dignitaries and deliberated with them on public affairs and Diyala governorate affairs in particular. His Eminence illustrated that the purpose of these visits is to communicate with our family and people in the governorates, to listen to their visions and concerns, and to share their joys and comforts. H.E. illustrated that Diyala's security is also of great interest to the Government and that the crimes recently witnessed in Diyala are being followed up by the Government and its security services.

H.E. stressed the preservation of community peace and social fabric in Diyala, pointing to Diyala's status as a miniature Iraq and a meeting point between the North and the South.

H.E. stressed the importance of supporting farmers, revitalizing agriculture, and securing Iraq's water rights through political negotiations with upstream countries, as well as automating the irrigation process and adopting methods that rationalize consumption and maximize production.

H.E. stressed the importance of taking into account the challenges faced by Iraq and comparing Iraq's situation against the difficulties and challenges it faced, pointing out that the most important factors of confrontation were Iraq's solid personality with its efficiency, self-confidence, and historical and civilized depth.
