

Sayyid Al-Hakeem to solve Outstanding problems through sheer will

During his visit to the Kurdistan region of Iraq, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met Sheikh Jihad Al-Khilani and recalled the historical relationship he shares with the Kurdish brothers throughout the pivotal stages of Iraq's history, stressing that he takes pride in the brotherhood and that he worked to develop them, sustain them, and hand them over to children and grandchildren, as received from fathers' grandfathers.

His Eminence affirmed that Iraq is at an unprecedented stage of stability and understanding, indicating that the outstanding problems can be resolved due to the availability of will to resolve them. The Iraqi tent gathers all its components, and Iraq's diversity is a source of strength and enrichment. H.E. referred to the Iraqi Constitution and the ability of its texts to determine the course of the relationship between the Federal Government, the Regional Government, and other local governments, as it took into consideration all Iraqi interests.
