

## Sayyid Al-Hakeem calls on elites and competencies to provide realistic solutions to address Iraqi reality problem

From Kirkuk of love, diversity, and peace, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met with a generous gathering of its elites and competencies in the presence of the Governor, Mr. Rakan Al-Jubouri, calling on the elites to contribute by providing realistic solutions that suit the Iraqi reality and its complexities.

His Eminence referred to the nature of security stability in Kirkuk, adding that it is part of the general situation that Iraq is living in all governorates, and also indicated the nature of social harmony and political calm, as well as the departure of the state of media conflict between political powers.

H.E. called to spread optimism and abandon the state of self-flagellation, indicating that Iraq has proved the rightness of the democratic system and responded to all those who say that goodness is with the dictatorship and singular opinion, stressing the adoption to support the positives, generalize and speak about them, and that Iraq is living a success story compared to its circumstances and reality.

H.E. also pointed to the cohesion of Iraqis, indicating that Iraq did not live through a state of civil war, but it was a stampede and congestion that was quickly overcome, and that Iraq today is living in a state of internal harmony in a region eager for political harmony, and Iraq is an important station in regional and international peace, which made it dear and capable, stressing the need to combat corruption by drying up its sources and providing services and job opportunities, indicating that the challenge is an economic challenge, and we must leave the rentier state towards activating the five sectors agriculture, industry, tourism, investment, and technology.

H.E. also called for the formation of the anti-drug agency and the separation between users and traffickers and taking the former to rehabilitation, while the later place is prison or any other punishment, expressing his support to address domestic violence in a way that preserves the right of women and saves the family from disintegration.
