

"Sayyid Ammar al-Hakim is well known for his moderate and inclusive stances incorporating all Iraqis, and for his patriotic trends."

Mr. Jamal al-Karbooli, head of the Solution Bloc, which falls under the umbrella of the Iraqia Slate, has lauded the moderate and inclusive stances of Sayyid Ammar al-Hakim which incorporate all Iraqis, and for his patriotic trends, stressing his support for the General Amnesty law provided it does not cover those whose hands are stained with the blood of innocent Iraqis. This came up when His Eminence received a delegation from the Solution Bloc (kutlat al-hall) headed by Mr. Jamal al-Karbooli who was accompanied by Qais al-Shathir, a bloc member, on Monday, January 14, 2013.

On his part, the head of the Islamic Supreme Council of Iraq (ISCI) stressed his sympathy with the legitimate demands of the demonstrators and the necessity of responding to them according to the law and constitution.
